ABDULRAHMAN OJIKUTU

Full Stack Developer | React • Django • Next.js • TypeScript

■ Lagos, Nigeria | ■ +234 904 858 9855

SUMMARY

Full-stack developer with 2+ years of professional experience in designing and building scalable, responsive, and performant web applications. Adept at combining modern front-end frameworks with robust backend solutions. Passionate about delivering seamless user experiences, writing clean code, and solving complex technical challenges.

PROFESSIONAL EXPERIENCE

Senior Full-Stack Developer – Freelance & Open Source (2025)

• Architected and deployed production-grade React/Next.js applications with SSR and API integrations.

• Built scalable Django REST APIs serving thousands of requests per day.

• Led small teams in agile sprints, ensuring delivery within deadlines.

• Optimized applications for 95+ Lighthouse scores and reduced load times by 40%.

Frontend Developer – Tech Studio (2024)

• Built reusable component libraries with React + Tailwind CSS used across multiple products.

• Improved accessibility compliance (WCAG 2.1 AA), boosting accessibility scores by 60%.

• Collaborated with product teams to deliver user-first designs and improve dev efficiency by 40%.

Frontend Developer – Digital Agency (2023)

• Delivered 15+ responsive websites & dashboards for diverse clients.

• Enhanced performance by 35% through code-splitting, lazy loading, and caching.

• Worked closely with UI/UX designers to deliver pixel-perfect, production-ready applications.

EDUCATION

National Diploma, Software Engineering – Lagos City Computer College (2023–2025)

WAEC, Science Department – Korecome Comprehensive College (2015–2021)

TECHNICAL SKILLS

• JavaScript (ES6+), TypeScript, Python, React, Next.js, Django, Node.js

• Tailwind CSS, Bootstrap, Material-UI, Framer Motion

• PostgreSQL, MongoDB, Redis

• Git/GitHub, Docker, AWS (EC2, S3), CI/CD pipelines

• Responsive Design, Accessibility (A11y), Test-Driven Development, Agile/Scrum

ACHIEVEMENTS

■ Built and shipped 20+ projects from idea to production

■ Increased client satisfaction to 95%+ with scalable and maintainable solutions

■ Consistently delivered high-performance apps with <200ms response times

HOBBIES

■ Reading, ■ Learning New Tech, ■ Coding, ✍■ Travelling
